Thank you for complying with this.

Our Teachers Through the Eyes of Our Students

Part 3

This week we'll take a look at our kindergarten and fifth grade teachers, Mrs. Holt and Mrs. Gustafson. Read on to learn more about these special teachers as seen by their students.

Mrs. Holt

Kindergarten Teacher

Six Reasons We Love Mrs. Holt

- I like it when she puts out new toys.
- I like it when we have rest time.
- I like it when we have playtime.
- I like it when we have popcorn and movie day
- I like it when we learn about Jesus
- I like it when we do math.

Mrs. Gustafson

Fifth Grade Homeroom

Some things you might not know about Mrs. Gustafson:

- She is actually a math wizard because (if you watch [The Big Bang Theory](#)), she understands what Sheldon Cooper is talking about which is really confusing.
- She is the pastor's wife.
- She talks a lot.

I really like it when Mrs. Gustafson....

- Goofs around with us and makes funny comments about her childhood
- Talks sports with us
- Helps me understand my work
- Makes sure everyone is included, even in a class with 3 girls and the rest boys!

Other important things to know about Mrs. Gustafson:

- She cares for each and every student
- She appreciates her class, and doesn't yell
- She is very kind and considerate, and makes our days brighter
- She is actually very funny
- When we are down she finds a way to put us back up

One student summarized Mrs. Gustafson in this way: In the end, I would have to say that Mrs. G is a nice, funny, inviting, understanding, and caring teacher that will help anyone even if she doesn't know them.
