

Greetings, Families!

As we head into this long weekend (there is no school tomorrow, Friday, January 15), we are at the end of the first semester of the school year. It's hard to believe we are already halfway through this year! Report cards will be available (virtually) on January 29. This year is unique, and I appreciate your flexibility and willingness to adjust to all the changes that have been made necessary during the pandemic.

Thank you to all of you who have submitted registration materials for next year. I have been receiving daily calls from the general public about enrollment for 2021-22, so am quite certain that some classes will be full. Please take advantage of the early enrollment opportunity for current families, as we will open registration to everyone at that time.

One thing that has not changed is our fantastic hot lunch program. Remember, all students eat free every day, and next week, we will have unique menus as we travel "Around the World in 80 Trays." Check the menu for German, Mexican, Greek, Thai, and Canadian dishes!

Have a nice, long weekend.

Kathy Yahr
School Administrator
